

karis360

Karis360 positively transforms the healthcare experience.

healthcare navigator

Karis360 Advisors are available to address healthcare questions, concerns, and needs.

Advisors assist in physician, prescription cost, and healthcare facility searches, as well as health cost estimates, alternative medicine options, lab and imaging services and Affordable Care Act questions, and more.

surgery saver

Surgery costs can vary greatly from facility to facility, and in our experience, we have seen a 66% cost difference for the same surgical procedure with no appreciable difference in quality.

A dedicated Advisor shops up to five surgical facilities to verify the best available price, quality and availability for non-emergency procedures, as well as physician privilege verification.

bill negotiator

A dedicated Patient Advocate works directly with a member's healthcare provider to help reduce their out-of-pocket portion of medical bills.

To be eligible for Bill Negotiator, you must be an active member of a plan or program that includes Karis360 at the time of your related medical incident, and your out-of-pocket balance from such medical services must exceed \$2000.

NOTE: Karis360 is not insurance and does not provide funds to pay for bills. This is a best-efforts service. Results cannot be guaranteed.
